

## EMALAHLENI LOCAL MUNICIPALITY

### NOTICE – WATER SUPPLY INTERRUPTION

This serves to inform the Community of eMalahleni about the water supply interruptions scheduled as follows from Friday the 26<sup>th</sup> of January 2024 from 8:00 up to Tuesday the 28<sup>th</sup> January 2024 due to the prolonged water outages experienced by the residence supplied by Point C reservoir which necessitate the municipality to rationalise water in order to urgently boost the level of Point C reservoir.

The ongoing water deficit of 60 Megalitres per day and the works that was carried out at Point C reservoir has resulted in the system drying out hence the boosting of the system is required in order to urgently restore the water supply for areas supplied by Point C. We therefore advice the communities and the businesses to fill up the onsite water storage facilities during this period and use water sparingly during the water rationing. Water tankers will only be available at strategic areas such as Schools and Clinics, including hospitals.

The affected areas are as follows:

Reservoir	Area	Date	Time	Comments
Point D	Model Park , Die Heuwel, Highveld Pak , Blanchville, Riverview, Seekoewater, Jackaroo Park and Clearwater Estate	26/01/2024	8:00-22:00	No water supply
Point B-C	Witbank Extension 16,18,25,41,50,51,54,56,6,64,65,Tasbet park,1,2,3,6 Duvha park,ext.1,2,7&8	27/01/2024	10:00-23:00	No water supply
Point B	Layland, Lynnville, Kwa-Thomas Mahlangu Ville, Thushanang, Eric Liberty, Ferrobank, Kwa-Guqa Ext 2,3,4,5,6,9,15,18 Sinqobile, Emsagweni, KG Mall, Hlalanikahle, Empumelelweni	28/01/2024	8:00-22:00	No water supply
Point A	Witbank ext 10, Blanchville , Meraldine , Klarinet Ext 2-8, Old Corronation, Thushanang, Pine Ridge, Paxton Correctional Services, Zeekoewater Plot	29/01/2024	10:00-22:00	No water supply

Consumers are kindly requested to utilize water sparingly during this time whilst the municipality is trying to stabilize the system. It should be noted that opening times do not necessarily mean water restoration. The municipality hereby apologises for any inconvenience this will cause. The maintenance work is carried to ensure the water system provides communities with quality drinking water.

Phase 1 of the maintenance works at Point C has been completed and hence the reservoir needs to be commissioned back to service, and the system has to be flushed and recharged.

For any further communication please contact the municipality on the following contact numbers during office hours (013) 690 6911 or (013) 690 6963/6949 or the Call Centre on (013) 690 6222/333/444

Your co-operation and patience are highly appreciated.
